Objective:

Frontend Developer focused on building responsive and clean front-end code using HTML5, CSS3, Bootstrap, JavaScript, and React. Demonstrates the ability to collaborate effectively within team environments and deliver tasks under tight deadlines while maintaining code quality and scalable UI structure.

Education:

2020-2025: B.Sc. in Computer Systems Engineering, Faculty of Engineering, Al-Azhar University

- General Grade: Excellent with Honours

Experience:

Digital Egypt Pioneers Initiative (DEPI) Nov, 2025 – May, 2026

Front-End React Developer Trainee for 6 Months:

- Built responsive web applications using HTML, CSS, Bootstrap, JavaScript, and React.
- Implemented version control with Git and GitHub, and collaborated on team tasks.
- Developed soft skills in Personal Branding, Virtual Presentation, and Freelancing fundamentals.

Skills:

Front-End Development:

- HTML5, CSS3, Bootstrap, JavaScript (ES6+), React.js , Responsive Design

Other:

- Git & GitHub, Java, OOP, Data Structure, Problem Solving

Projects:

E-Proctor System(Graduation Project):

- **Project Description:** An automated AI-based system designed to monitor online exams and detect academic dishonesty in real-time.
- **Key Features:** Implemented face detection, head movement tracking, and browser activity monitoring.
- **Tools:** HTML, CSS, JS, React.js, Node.js, MongoDB, Face API, TensorFlow.

Courses:

Front-End Diploma

Nov, 2025 – May, 2026

Eng.Ahmed Belal

- **Web Essentials:** Building responsive layouts using HTML5, CSS3, and Bootstrap.
- **Modern JavaScript:** Developing dynamic logic using ES6+ and handling APIs.
- **React.js:** Building interactive user interfaces and managing state with React.

Activity:

IEEE Member

- **Scratch Instructor:** Taught programming basics to kids.
- **Code Baker Participant:** Simplified programming concepts through teaching sessions.

Certificates:

(Agust, 2022) ICPC Programming Competition:

- Solved complex algorithmic problems and optimized code performance within competitive team environments.

(May, 2022) IEEE Java Programming and OOP Certification:

- Applied Java basics and OOP principles to build structured code and handle fundamental programming logic.
